

POLYMAT

Two PhD Fellowships in Chemistry

Two PhD Fellowships in Chemistry are available in the group of Prof. Aurelio Mateo-Alonso at POLYMAT (www.polymat.eu).

Synthesis of Conjugated Macromolecules for Electronic Applications

Applicants must have a BSc and MSc in Chemistry with a strong background in Organic Chemistry and previous experience in Synthetic Organic Chemistry.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

Applications should be **addressed to Prof. Aurelio Mateo-Alonso** and sent via email in **one single PDF** to molsupramolgroup@polymat.eu before the **15th August 2018** (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a short description of previous research (1-2 Pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

Please note that because of the large number of applications expected, we will not be able to give individual feedback to unsuccessful applications.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures
