

Postdoctoral Fellowship in Chemistry

A Postdoctoral Fellowship in Chemistry is available in the Polymerization Processes Group at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa (www.polymat.eu) studying the synthesis of vitrimeric polymers in dispersed media .

Applicants must have a PhD in polymer chemistry (or a related discipline). A background in rheology is highly desirable.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made).

Applications should be addressed to Dr. Nicholas Ballard and sent via email in one single PDF to nicholas.ballard@polymat.eu before the 15th September 2018 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a short description of previous research (1-2 Pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

Please note that *because of the large number of applications expected*, we will not be able to give individual *feedback* to unsuccessful applications.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
