

## PhD Fellowship in Chemistry

A PhD Fellowship in Chemistry is available (in the group of Dr. Sandra Camarero-Espinoza) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa ([www.polymat.eu](http://www.polymat.eu)).

Applicants must have a BSc and MSc in **Chemistry, Material Sciences or Bioengineering** with a strong background in Biomedical Applications. Previous experience in **Tissue Engineering, 3D printing and cell culture** are a plus.

Good command of written and spoken English is a must (if preselected, a telephone/virtual interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

Applications should be addressed to Dr. Sandra Camarero-Espinosa and sent via email in one single PDF to [sandra.camarero@polymat.eu](mailto:sandra.camarero@polymat.eu) before the 15<sup>th</sup> of October of 2021 or until the position is covered (applications will be considered upon arrival) including:

- (i) A cover letter highlighting their interest in the position.
- (ii) Curriculum vitae.
- (iii) A short description of previous research (1-2 Pages).
- (iv) The names and contact addresses (e-mail) of two academic referees.

Please note that *because of the large number of applications expected*, we will not be able to give individual *feedback* to unsuccessful applications.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
