

Postdoctoral Fellowship in multiresponsive conducting polymers for energy and bioelectronics

A **Postdoctoral Fellowship** in Chemistry is available in the group of Prof. David Mecerreyes (<http://www.polymat.eu/en/groups/innovative-polymers-group>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa (www.polymat.eu).

Applicants must have a PhD (or equivalent) in Physics with extensive and proven research experience in (semi)conducting polymers, biological and electrochemical characterization.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write reports, and papers.

Applications should be addressed to Prof. David Mecerreyes and sent via email in one single PDF to edurne.gaston@ehu.eus before January 30th, 2023 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
