

### **3-Year Postdoctoral Fellowship in Synthesis of Polymer for Batteries**

A **3-Year Postdoctoral Fellowship** is available in the group of Prof. David Mecerreyes (<http://www.polymat.eu/en/groups/innovative-polymers-group>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa ([www.polymat.eu](http://www.polymat.eu)), from January 2024 onwards.

Applicants must have a PhD (or equivalent) in Chemistry with extensive and proven research experience in polymer synthesis. In addition experience with (semi)conducting polymers and electrochemistry will be valued.

Good command of written and spoken English and team working skills is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, participate in collaborative projects, write reports and scientific articles.

Applications should be addressed to Prof. David Mecerreyes and sent via email in one single PDF to [david.mecerreyes@ehu.es](mailto:david.mecerreyes@ehu.es) and [edurne.gaston@ehu.eus](mailto:edurne.gaston@ehu.eus) before November 30<sup>TH</sup>, 2023 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

*POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.*
