

PhD Fellowship

One fully-funded PhD Fellowship in Applied Chemistry and Polymeric Materials is available in the Innovative Polymers Group (<http://www.polymat.eu/en/groups/innovative-polymers-group>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa. The PhD fellow is expected to start in September 2024.

Development of Multifunctional Polymers for Hydrogen Technologies

Applicants must have a BSc / MSc in Chemistry or similar with a strong background in Organic Chemistry, Polymer Science, Electrochemistry and Materials Science. Those with experimental and communication skills, and enthusiasm for research and innovation are encouraged to apply. Good command of written and spoken English is a must. The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

Applications should be **addressed to Dr. Nerea Casado** and sent via email in **one single PDF** to nerea.casado@ehu.eus before 14th June 2024, including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) academic certificates (BSc and MSc or registration in a Master program), including the academic records.
- (iv) a short description of previous research (1-2 Pages).
- (v) the names and contact addresses (e-mail) of two academic referees.

Applications will be considered upon arrival. Please note that because of the large number of applications expected, we will not be able to give individual feedback to unsuccessful applications.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
