

## PhD Fellowship in Chemistry

A PhD Fellowship in Chemistry is available (in the group of Polymer Physics and Additive Manufacturing, supervised by Prof. Itxaso Calafel) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa ([www.polymat.eu](http://www.polymat.eu)).

Applicants must have a BSc and MSc in Chemistry with a strong background in rheology and foaming processes and previous experience in Additive Manufacturing, especially in FDM techniques. Experience in processing techniques and nanocomposites would also be an advantage.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

Applications should be addressed to Prof. Itxaso Calafel and sent via email in one single PDF to [itxaso.calafel@ehu.eus](mailto:itxaso.calafel@ehu.eus) before the 22 September 2023 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a short description of previous research (1-2 Pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
