

POLYMAT

PhD scholarship position available

One PhD scholarship position is available in the Group of Polymerization Processes at POLYMAT Fundazioa (www.polymat.eu), in a project funded by the consortium of companies forming the Industrial Liaison Program of POLYMAT in Polymerization in Dispersed Media.

We are seeking exceptionally talented and motivated students, having a solid background in polymers and a Master in Materials Engineering, Chemical Engineering or related area. Experience in general-purpose simulation software based on advanced numerical methods such as Comsol Multiphysics will be highly valued.

In addition, it will be appreciated if the candidate has background or expertise in Polymerization in dispersed media.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidates are expected to conduct research, write papers, and deliver a PhD thesis.

The positions can be started ideally by **November, 2024**.

Applications should be sent via email in **one single PDF** to **info@polymat.eu** including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) transcript of records of BSc and MSc studies.
- (iv) the names and contact addresses (e-mail) of two academic referees.

Deadline for submission: June 30, 2024

Please note that because of the large number of applications expected, we will not be able to give individual feedback to unsuccessful applications.
